### **DETAILED ACTION**

In response to the Applicants amendment submitted on October 31, 2005. The replacement drawing Fig. 8 has been considered. In virtue of this amendment, claims 1-20 have been cancelled, claims 21-40 are now remaining active in the instant application.

#### ***Allowable Subject Matter***

1. Claims 21-40 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claims 21, 26 and 30, the references of the prior art of record fails to teach or suggest the combination of the limitation as set forth in the claims: a toroidal body composed of material having high electromagnetic permeability and the body having a through bore; a transponder coupled to the toroidal body, and a loop antenna disposed to extend axially through the through bore with clearance in direct magnetic coupled relationship and mechanically decoupled relationship with the toroidal body, wherein the antenna is free to resiliently elongate without encumbrance from the toroidal body.

Regarding claims 22-25, 27-29 and 31-33 are allowable for the reason given in the claims because of their dependency status from the claims 21, 26 and 30.

Regarding claim 34 and 37, the references of the prior art of record fails to teach or suggest the combination of the limitation as set forth in the claims: a method of positioning the loop antenna to project axially through the through bore with clearance in non-contacting and mechanically decoupled relationship with the toroidal body such that the antenna is free to resiliently elongate without encumbrance from the toroidal body, and a method of coupling the electronic device to the antenna through the toroidal body.

Art Unit: 2821

Regarding claims 35-36 and 38-40 are allowable for the reason given in the claims because of their dependency status from the claims 34 and 37.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
